Mobile Strategies in Libraries—offered by **LibraryLinkNJ Staff**

- What are the elements of a mobile strategy?
- How will members use mobile technologies to help their library users?
- How will members use mobile technologies to evolve and maintain relevance?
- How will LibraryLinkNJ assist members with targeted strategic goals?

By participating in this discussion, participants will be able to:

- Consider the variety of options available to libraries planning and executing a mobile strategy.
- Justify the time and expense of developing and maintaining a mobile strategy tailored to their library's needs.
- Connect to and retrieve resources for decision-making.
