

Handy Tech @ NBFPL Makerspace: STEAM your programming!

Linda Crittenden, Assistant Director & Chelsea Woods, Tween Librarian || *TechFest 2015*, Presented by LibraryLinkNJ || GCLS Mullica Hill on March 24, 2015

Sewing Across the Generations

- ◇ New Brunswick Public Library's sewing programs allow folks of all ages and skill levels to make so many different projects *together*: aprons, journal covers, pillows, and more.
- ◇ Resources:
 - ◇ *NJ State Library Makerspace Grant* provided tools
 - ◇ Donations provided supplies like fabric, thread, etc.
 - ◇ Partnerships with local "talent" gave bilingual sewing instruction
 - ◇ Project ideas: the internet, attendees, instructors. Gauged difficulty, length of time for completion, etc.

Kid Crochet

- ◇ The crochet programs bring together hands-on learning with literacy through a local 4H partnership. Recent crochet programs are for kids 10 & up.
- ◇ Resources:
 - ◇ *NJ State Library Makerspace Grant* provided tools.
 - ◇ Donations gave us yarn, yarn, yarn! Also crochet needles and pattern books.
 - ◇ How I taught myself: YouTube & library-owned children's crochet books.
 - ◇ Project ideas: Pinterest! Sharing projects with other educators is key. Also, blogs. Finally, people readily share ideas with me.

More questions? Contact Linda at kayser@lmxac.org or Chelsea at chelsea@lmxac.org
