Please Call Your Legislators Today!

Over the last 30 years, LibraryLinkNJ has been proud to provide you with a variety of services, from delivering books and materials to training library staff. It has been our honor to work with and serve all of you in this capacity.

We currently face a budget deficit of \$370,000. This deficit has occurred due to a variety of factors beyond our control. The cost of providing our services has increased substantially, while our state funding has remained flat.

On February 7, the [LibraryLinkNJ Executive Board voted to keep LibraryLinkNJ open into FY2020](#) (July 1, 2019 - June 30, 2020). This decision will allow us to continue to push our state representatives to provide a level of funding that would enable LibraryLinkNJ to operate at full capacity. In addition to providing the services you need for your local communities, identifying and securing this funding will be one of our top priorities in the coming year. Without it, we will again have to revisit dissolving the Cooperative in 2020.

So we're asking for your help! The bills, A4815/S3395, are now making their way through the legislative process. Senator Bob Andrzejczak (District 1), Assemblyman R. Bruce Land (District 1), and others have introduced these bills that would provide enough funding to preserve full services via LibraryLinkNJ through the end of the current fiscal year.

We are asking that you, your family, and your friends email or call your legislators to let them know you support A4815/S3395, and that you would like them to support it, as well. You can find your legislators by clicking on this link and selecting your town from the list:
