## Research Databases & eLearning Library

### Authoritative, Exclusive Content in Core Subject Areas

Our critically acclaimed databases and eLearning Library, covering a variety of core subject areas, are perfect for any institution. Users can be confident that the wide range of sole-source material included in our online products has been written by experts and vetted by our editorial team, rather than aggregated from other sources. Plus, regular updates keep our databases current, fresh, and accurate. For more than 75 years, Facts On File has been a trusted name in reference publishing—and that reputation extends to our wide array of online reference products. Correlated to Common Core, state, national, and other major educational standards.

## eBook Subscriptions
