FY22 Grant Opportunity
New Jersey Libraries: Ready for Anything Mini-Grants

Grant Guidelines

Mission of LibraryLinkNJ

The New Jersey Libraries: Ready for Anything grant opportunity is an initiative of LibraryLinkNJ (LLNJ) made possible by a generous donation from EBSCO.

LibraryLinkNJ, the New Jersey Library Cooperative, is a 501(c)3, nonprofit organization with a membership of more than 2,500 public and private school, public, academic, institutional, corporate, health sciences and special libraries and library-related agencies. LLNJ provides the mechanism for its members to cooperatively offer New Jersey residents full and equal access to library materials, programs, and information that might not otherwise be available in their local communities. LibraryLinkNJ, the New Jersey Library Cooperative, and its services are funded by the New Jersey State Library, which is responsible for the coordination, promotion, and funding of the New Jersey Library Network. Members join at no charge and pay no dues.

Goals and objectives of the grant program

This initiative helps LLNJ realize its intention to help libraries respond strategically to the challenges and opportunities they face, while simultaneously offering support to its member institutions as they navigate the new normal following the COVID-19 pandemic. This initiative will assist member institutions as they seek to prepare for future out-of-the-ordinary challenges, including emergency or crisis situations.

Overview of the grant program

Through this competitive grant program, LLNJ will provide support to libraries of all types for purchases and initiatives that seek to prepare the institution itself or the community it serves for potential future large-scale challenges, including crisis, emergency, or disaster situations.

The minimum grant amount is $1,000, the maximum grant amount is $5,000. The total amount of available funding is $50,000, generously provided by EBSCO for the purpose of easing the burden of crisis response on New Jersey’s library community. All New Jersey library types - including public, school, academic, and special libraries - are eligible to apply. To support the greatest number of libraries, only one application per library will be considered.
Applications should focus on how funding will be used to anticipate and mitigate the impact of future crises or large-scale challenges on the library. LLNJ seeks applicants with a clear idea of how to face such challenges and how their program or initiative might be replicated elsewhere. Areas of focus might include, but are not limited to, accessibility, programming, training, materials, and equipment.

With this funding opportunity, LLNJ seeks to support New Jersey's libraries as they navigate the burdens of doing their essential work and providing vital services while navigating the unexpected. Each mini-grant awarded will aid the participating institution in the quest to move from surviving to thriving, even in uniquely challenging times.
