City Yoga Lessons

Join our yoga club, every Tuesday at 4!

Join the best yoga class in the city.

This text is very important as it appears next to the beginning of the page. In other words, this is the best place to a) tell people what your class is about, and b)
Join the best yoga class in the city.
This text is very important as it appears next to the beginning of the page. In other words, this is the best place to a) tell people what your class is about, and b) convince them that they should join.

Every Tuesday at 4 at the civic center.
This is a good location to include instructions or more details about the class. Try to make sign up links as clear as possible so people can easily find them.
Smore Features

Add more stuff to your flyer. Come on, you know you want to.

Padlet Options
Layout and Privacy Options

**Layout**
Choose how posts appear on this wall

- **Freeform**
  Posts can be put anywhere and can be resized freely.

- **Stream**
  Posts are placed one below the other.

**Privacy**
How public do you want this wall to be? Choose one

- **Private**
  Only you and people you add by e-mail can access this wall.

- **Password Protected**
  Visitors will be required to enter this password to access this wall.

- **Hidden Link**
  The wall will have a public link, but the text will be hidden from Google and public areas of Padlet.

- **Totally Public**
  The wall will be public. It can show up in Google searches and can be featured by Padlet on the homepage.

**Add People by Email**
You can add people and give them more control. We will email them the link.

**More Privacy Controls**
More ways to control how people use this wall

- **Moderate Posts**
  Posts require approval by one of the moderators before they go up on the wall for the other readers.

QR - www.classtools.net

QR Treasure Hunt Generator!
Get students using their mobile devices to move and to learn - NO INTERNET CONNECTION NEEDED!

1. Submit!
   Input a series of questions and answers.
   No programming experience needed - just cut and paste from a word processor

2. Create!
   Get a QR code for each question.
   Automatically generated as text files, no need for web access to read!

3. Display!
   Put the QR codes around your school.
   Be creative - different sizes, different places

4. Begin!
   Students find and answer the questions.
   The team with the most correct answers in the time available wins

Teacher Notes

A. Prior to the lesson:

1. Arrange students into groups. Each group needs at least ONE person who has a mobile device (note: an internet connection will not be needed).

2. Ask students to
   - Download a QR reader (e.g. iNigma | NeoReader | Kaywa) onto their mobile devices
   - Bring these devices into the lesson.

3. Print off these QR codes for each of these quiz questions.

4. Cut them out and place them around your class / school.

B. The lesson:

1. Have the first (Introduction) QR code on display on your whiteboard.

2. Each team scans it into their device and gets told to start hunting around the school for the remaining QR codes.
