1 YEAR OF SERVICE
FOLLOW YOUR PASSION
FIND YOUR PURPOSE

Digital equity is a fundamental right, allowing people to participate in civic life and fully access education, employment and healthcare. Our newly launched Digital Literacy track marks the first time Literacy Minnesota has gone national with AmeriCorps VISTA programming.

As a Literacy Leader on the Digital Literacy track, you'll design initiatives in partnership with schools and community organizations. Your work will allow people to gain the skills they need to share their stories, achieve their goals and succeed in school and in the workforce.

- \$6,345 education award or \$1,800 stipend at end of service.
