

LibraryLinkNJ

The New Jersey Library Cooperative

On-Site, On-Demand Continuing Education For School Librarians

Let Us Help You Make a Difference in Your School Community!

In these tough economic times, LibraryLinkNJ is here for you. We know that **ongoing professional education is essential**, and we want to make it as efficient and cost-effective as possible, so **LibraryLinkNJ will subsidize the entire cost of the workshop you select!**

The professional development consultants we are working with have developed high-interest, proven continuing education programs which address the specific needs of school librarians.

How Does the School Program Work?

We are presenting a menu of on-site training options for you to choose from and will provide the workshop of your choice at your school library.

Select a program for your group, using what works for you. You just need a group of 12 or more registrants to book a workshop.

One booking can be:

- Members of a county-level NJASL chapter
- Staff from one school district's libraries
- Several neighboring school districts combined.

The programs listed below are the featured selections from the Continuing Education Providers we are working with. Most of these interactive workshops can be customized for length and for the specific needs of participants. If you don't see what you need, give us a call!

Find Out More and Book a School Program

You can read full descriptions of all of these programs at www.infolink.org. If you are interested in booking one of these programs for your group, please complete the *On-Site, On Demand Continuing Education for School Librarians Interest Form*, available at <https://infolink.wufoo.com/forms/onsite-continuing-education-for-schools/>.

Continuing Education Workshops for School Librarians

- **Use A Standard Approach:**
Using New National Standards to Empower Learning and Your Library Media Program
- **Teaching with Purpose and Meaning:** Essential Questions & Enduring Understandings
