

Mentors' Directory

MentorLIB provides a directory of library staff working at libraries of New Jersey and Tennessee. The mentors have volunteered to share their experience and knowledge with any librarian or library support staff, especially those new to the field, who could benefit from professional advice and guidance. MentorNJ makes it easy to connect to a professional who can provide relevant, useful information to help as you grow in your career. To search for a mentor in your area of interest, simply peruse the Mentors' Directory and reach out to one of our many mentors.
